Census Day is April 1, 2020.
Help make your community a better place to live. Count yourself in!

How does it work?
You will receive a letter in March 2020 with instructions for completing the census. You can fill out in the privacy of your own home via online survey, over the phone, using a paper form or by responding to a census enumerator. If you need help or computer access, visit any public library in Johnson County or call United Way 2-1-1 for a location near you.

Taking the census is safe, confidential and critical to you and your children’s future.
Count for something, you have to be counted. Help make your community a better place to live! Watch your community grow!
